

MARKET ACCESS, AND I OWN THE BOOK?

You may know that Big "I" members have access to personal and commercial markets through Big "I" Alliance. **But did you know that all Alliance agents own their expirations?**

Our Blue members have **free access** to multiple markets through our online platform with no minimum production requirements. Our Gold members enjoy the **benefits of joining an agency alliance** without the hefty fees and tough-to-escape contract terms common in the marketplace. Members in both tiers own their books.
